

Ash Wednesday

Dear Families,

I am sure you are aware of the government announcement for all pupils to return on the 8th March. Along with the sunshine, this is welcome news and we are all looking forward to what will hopefully be a sustained and stable return to life. We look to your continued support with social rules and school rules so that we keep everyone safe, including staying two meters and not breaking bubbles as yet! We are not out of lockdown! Stay safe! We want to make sure we are not going to burst any bubbles coming back. Once again we will stagger the school day and entry & exits, internal playtimes and lunch to ensure bubbles don't burst

We have also had the most amazing gift of a cabin, our green room, donated and co-ordinated by Clifford Chance so that we have another space to learn in nature! The companies that have been heavily involved in the constructing and getting this cabin in place were from Engie—energy company, Proplants scaffolding, co-ordinated by Sam Clark from Clifford Chance! We feel so incredibly fortunate to have such giants in their field on our side, this has been a project that has been planned for the last year. A HUGE THANK YOU to everyone involved!

This week, you can get lost in the world of Starfell!

Listen to an audiobook of the first in the series, Willow Moss and the Lost Day and watch an exclusive video with the author to find out more about the books and her best writing advice.

You can also discover Dominique's favourite children's stories and read a Q&A about books and reading.

E-safety is an integral part of children's education in today's digital world and is embedded in our learning at school. We want to help our families and children improve their own understanding of e-safety issues so they can learn to use the internet and all digital media in a safe and secure way.

If you haven't already please watch our E-Safety video by clicking [here](#).

Reading for pleasure is the single biggest indicator for success in life, more than family circumstances, educational background, or income (according to the Organisation for Economic Co-operation & Development).

Sharing stories together for just **ten minutes a day** will encourage a love of reading and it's fun for everyone! You can read together **anywhere and everywhere, from breakfast to bedtime!** In the park, on the train, on the sofa, on a plane - reading and sharing stories can happen anywhere at any time.

Next week, we will be dedicating a whole week to celebrating books! We have linked all of our subjects so that they have a cross curricular link to books!

We have organised Zooms to celebrate this special week and they will involve an assembly, sharing stories, games and a celebration on Thursday! If your child would like to dress up for the Zoom call or if they are currently attending school that would be brilliant! Alternatively, if they have a favourite book or story which they would like to share or tell their class that would be great too!

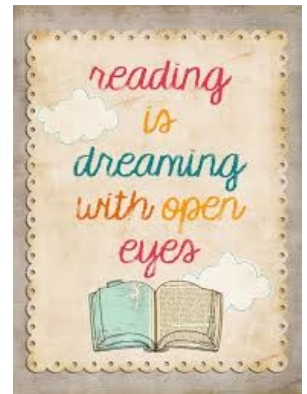

Please note Zoom lessons will be on Monday, Wednesday and Thursday. Children will have independent work on Tuesday and Friday.

"The books transported her into new worlds and introduced her to amazing people who lived exciting lives!"

Matilda by Roald Dahl

The more that
YOU READ,
THE MORE THINGS
YOU WILL KNOW.
The more that you learn,
THE MORE PLACES
YOU'LL GO.

"SHE TRAVELLED ALL OVER THE WORLD WHILE SITTING IN HER LITTLE ROOM IN AN ENGLISH VILLAGE."

Well done to Bertie on this excellent Art Work!
